It's Easy Driving to BAY STATE NURSERIES

Location of Bay State Nurseries

Bay State Nurseries, Inc., is located at North Abington, Massachusetts; 18 miles south of Boston on Route 58 to Cape Cod. Our garden shop is on Route 139 at the North Abington-Rockland line. We cordially invite visitors to our Nurseries. See for yourself the many acres of trees, evergreens, flowering shrubs and perennials we have growing here.

Better Gardens for 1956

For those who live or summer near the ocean we have a special booklet by Donald D. Wyman, on

Seaside Planting

This is an illustrated, authoritative booklet. The author's suggestions are based on many years of experience in seaside planting and on a close observation of the effects of salt, high winds and sandy soil on plants.

GROUND COVERS

Grass is the common ground cover. It is beautiful — when growing in a favorable location — and when given proper care. But, there are many places where it is either impossible or impractical to grow grass.

There are spots — under trees, for instance — where grass usually gives up in the fight for food, water and light. On steep bankings it is difficult to establish grass — and even more difficult to mow it. Where the soil is poor and dry, grass loses its beauty — or will not grow at all. There are places — among rocks for example — where a mower cannot reach. Sometimes circumstances prevent giving grass the constant care it needs.

Then, too, some people prefer other plants to grass — even in places where grass would grow. They choose those that will give them colorful flowers or foliage in summer — or perhaps evergreens that make the winter landscape more attractive.

Because of the increasing interest in ground covers we have prepared the following list to assist those who may be facing some of the problems we have mentioned. There are other plants that may be used as covers but we have selected those that we believe to be most attractive and practical. We believe you will find listed kinds adapted to all locations and conditions.

We hope the following list will help you in selecting your ground covers. If you have any special problems, please let us know. We will be glad to discuss them with you.

AEGOPODIUM podagraria variegatum

Silveredge Bishops Weed

Here's an old fashioned, vigorous perennial that grows about eight inches tall — thriving in good or poor soil in either sun or shade. It has silver-edged leaves and flat-topped clusters of tiny white flowers in June.

3 for \$1.80

10 for \$5.00

100 for \$45.00

AJUGA genevensis

Geneva Bugle

This Bugle does not spread as rapidly as the following kind, but will make a colorful cover — blue flowers against pleasing green foliage. It will thrive in either sun or shade — blooms in May and June.

3 for \$1.80

10 for \$5.00

100 for \$45.00

AJUGA reptans rubra

Purpleleaf Carpet Bugle

If you want a colorful ground cover — fast — we suggest this plant. It forms a mat quickly — in either sun or shade — as each runner roots and forms a new plant. The purplish leaves will add color to your planting. In May and June it is covered with spikes of showy red-purple flowers.

3 for \$1.80

10 for \$5.00

100 for \$45.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

GROUND COVERS (Cont'd)

AKEBIA quinata

Fiveleaf Akebia

This is really a twining vine, but if there is no support, it crawls rapidly along the ground. In fact, it grows so fast — up to ten feet per year — it should be used only where there is plenty of room for it to spread. The leaves are interesting — five leaflets arranged like the fingers on your hand — and they remain on the plant until late in the season.

2 year \$1.50 each 10 for \$13.50

AMMOPHILA breviligulata

American Beach Grass

Beach grass is the most practical plant to use as a binder in clear sand.

Collected plants \$30.00 per hundred
225.00 per thousand

Note: Because of travel involved we cannot accept orders for less than 100 plants. 500 will be furnished at the 1000 rate.

ARCTOSTAPHYLOS uva-ursi

Bearberry

Here's one of the best evergreen ground covers — even in sandy spots. A rich green mat in summer, it turns an attractive bronze in winter. In May it has clusters of pinkish, bell-shaped flowers — red berries in late summer.

Potted plants 10 for \$6.50 \$60.00 per 100
Eight inch by eight inch sods \$125.00 per 100
\$900.00 per 1000

(500 or more at rate of 1000)

ARTEMISIA stelleriana

Dusty Miller

The Dusty Miller (woolly, gray leaves give it its name), is a native of our sea beaches but also will grow well in the loam of inland gardens. Like the Bearberry it is ideal for sandy spots. Its gray foliage is particularly effective when used as a contrast to the green of most of our plants.

3 for \$1.80 10 for \$5.00 100 for \$45.00

CERASTIUM tomentosum

Snow-in-summer

Commonly used in rock and wall gardens, this creeping perennial also may be used as a ground cover. Its gray leaves and white flowers in June add a welcome touch of color to a planting. It spreads rapidly — growing only four to six inches tall.

3 for \$1.80 10 for \$5.00 100 for \$45.00

CONVALLARIA majalis

Lily-of-the-Valley

This plant is for shady places — where it spreads rapidly to make a dense carpet of rather large leaves. In late May it sends up graceful stems covered with the familiar, white, hanging, bell-shaped flowers — famous for their fragrance.

3 clumps for \$1.80 10 for \$5.00 100 for \$45.00

GROUND COVERS (Cont'd)

COTONEASTER horizontalis

Rock Spray

The horizontal branching habit of this shrub makes it one of the best for planting on banks, among rocks or on flat areas where you wish a beautiful ground cover. Shiny, deep-green leaves; pink flowers in June; bright red berries in autumn; — all combine to give this plant its beauty.

12 to 15 in., potted	\$2.50 each
15 to 18 in. B&B	3.50 each
18 to 24 in. B&B	4.50 each
2 to 2½ ft. B&B	7.50 each

EUONYMUS fortunei acutus

Wintercreeper

This is a vigorous, evergreen vine that will give you a green carpet throughout the year when used as a ground cover. Its fast-growing branches send out roots into the soil reducing the possibility of washing by heavy rains. Good for sun or shade.

Ground covering size	10 for \$6.00	100 for \$50.00
----------------------------	---------------	-----------------

EUONYMUS fortunei coloratus **Purpleleaf Wintercreeper**

Similar, in habit, to the preceding variety but turning purplish-red in the fall — adding color to the winter landscape.

2 yr. plants	\$1.00 each	\$9.00 for 10
--------------------	-------------	---------------

EUONYMUS fortunei kewensis

Kew Wintercreeper

This miniature, evergreen vine has the smallest leaves and slowest growth of any of the wintercreeper. Do not attempt to cover large areas rapidly with this plant. Use it, rather, among rocks or where you have a small area requiring a plant that will not get out-of-bounds. It makes a dense, attractive, green mat the year 'round.

3 in. pot	\$1.50 each	10 for \$13.50
-----------------	-------------	----------------

FORSYTHIA Arnold Dwarf

This is a comparatively new and distinct member of the well-known Forsythia family. It reaches, eventually, a height of nearly three feet but, because of its spreading habit, it is twice as broad as it is tall. We do not suggest this shrub as a flowering plant (it does have a few flowers when it is older), but rather as one that is most useful as a cover for bankings (or other places), where the stems send out roots — helping to prevent erosion.

2 yr. plants	\$1.25 each	10 for \$11.25	100 for \$100.00
--------------	-------------	----------------	------------------

HEDERA helix

English Ivy

This popular vine with large, glossy leaves is one of the best evergreen ground covers for shady places. The long, prostrate runners send out roots wherever they touch the soil. We do not recommend planting this ivy where it is exposed to the winter sun.

Potted plants75 each	10 for \$6.75
---------------------	----------	---------------

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

GROUND COVERS (Cont'd)

HEMEROCALLIS fulva

Tawny Daylily

This daylily will grow anywhere — sun or shade, in poor soil or in good soil. It needs no care. The dense clumps of narrow leaves make a heavy cover. It grows about two feet tall and has orange blossoms in July.

3 for \$1.80 10 for \$5.00 100 for \$45.00

HOSTA caerulea

Blue Plantainlily

This well-known plant is useful as a ground cover in shady, moist places but will also grow in full sun. It make a broad clump of large leaves and sends up spikes of blue flowers in July and August.

3 for \$1.80 10 for \$5.00

HOSTA fortunei

Fortunes Plantainlily

Large, blue-green leaves and pale lilac flowers turning white combine to make this variety one of the most desirable plantain-lilies. It may be used the same as the preceding variety.

3 for \$1.80 10 for \$5.00

IBERIS sempervirens, Snowflake

Snowflake Candytuft

This is a compact, creeping evergreen for sunny spots — making a dense mat. In late May, its flat, white clusters of flowers are charming against the deep green foliage.

3 for \$1.80 10 for \$5.00

JUNIPERUS horizontalis plumosa

Andorra Creeping Juniper

The feathery, prostrate branches of this evergreen are green in summer and purple in the winter. It is a colorful cover — especially for bankings — and will thrive in dry soils.

15 to 18 in.	\$4.75 each
18 to 24 in.	6.00 each
2 to 2½ ft.	8.00 each
3 to 3½ ft.	15.00 each
4 to 5 ft.	20.00 each

JUNIPERUS chinensis sargentii

Sargent Chinese Juniper

The steel-blue foliage of this evergreen adds distinction to a planting. Each plant forms a broad, low mat. It flourishes in dry soil — even near the sea.

18 to 24 in.	\$9.00 each
2 to 2½ ft.	12.00 each
2½ to 3 ft.	15.00 each

LONICERA japonica halliana Hall's Japanese Honeysuckle

The vigorous growth of this twining vine makes it valuable as a quick cover. It is particularly useful on bankings where the runners root in — preventing washing of the soil. It spreads so rapidly that it is best used in large areas where there are no other plants on which it can climb. The cream-white, fragrant flowers appear in June and, being a semi-evergreen, the plant holds its leaves into early winter.

2 year	\$.60 each	\$5.00 per 10
3 year	\$.75 each	\$40.00 per 100 each
		\$6.50 per 10

GROUND COVERS (Cont'd)

LONICERA japonica chinensis

Purple Japanese Honeysuckle

This rarer variety of honeysuckle is similar in growth to the Hall's and is used in the same way. However, this variety has bronze-purple leaves and carmine flowers.

4 year \$1.50 each 10 for \$13.50

PACHISTIMA canbyi

Canby Pachistima

In sun or shade, this little evergreen shrub makes a dense cover about a foot tall. It has reddish flowers and small leaves that turn bronze in winter.

6 to 9 in. \$1.50 each \$13.50 per 10

PACHYSANDRA terminalis

Japanese Spurge

There are few ground covers that are as beautiful and as satisfactory for shady spots—even under low hanging tree branches—as the Pachysandra. It does not thrive in dry, sunny places. The stems of this plant are upright (less than a foot tall), bearing whorls of glossy green leaves and spikes of small white flowers in May. It spreads slowly by underground shoots—making a dense cover.

2½ in. pots \$2.70 per 10 \$21.00 per 100

PARTHENOCISSUS quinquefolia

Woodbine

A fast-growing, clinging vine, rooting as it spreads out, whose leaves turn a brilliant red in the autumn before they fall. It has clusters of blue-black berries. This vine is particularly effective growing among rocks—in sun or shade—but should not be planted too near shrubs as it would soon cover them. The young foliage is interesting and attractive—divided into five leaflets arranged like fingers. The leaves on fruiting branches are not divided.

2 yr. plants \$1.00 each \$9.00 per 10 \$75.00 per 100
3 yr. plants 1.50 each 13.50 per 10

PHALARIS arundinacea picta

Ribbon Grass

Here's a grass that will grow in poor, dry soil—in either sun or shade. It spreads rapidly and grows about three feet tall. The blades are up to a foot long and nearly an inch wide—striped with yellow and white.

3 for \$1.80 10 for \$5.00

POLYGONUM reynoutria

Dwarf Lace Flower

This splendid, low-growing perennial was introduced to this country a few years ago and we predict it will become popular as a ground cover for sunny spots and poor soil. It is colorful in the late summer and fall when its deep salmon buds open into lacy clusters of pink flowers.

3 for \$1.80 10 for \$5.00 100 for \$45.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

GROUND COVERS (Cont'd)

POLYSTICHUM acrostichoides

Christmas Fern

This is an evergreen fern that thrives in dry, shady places. The broad, shiny, two-foot fronds remain a deep green all winter. A really striking ground cover.

10 for \$3.00

100 for \$25.00

RHUS aromatica

Fragrant Sumac

Growing about three feet tall, this shrub spreads rapidly making a quick cover. It will grow in poor, dry soil and is excellent for slopes. In early May this shrub is covered with yellow flowers and in autumn the yellow and scarlet foliage makes a brilliant display.

12 to 18 in. \$1.00 each

10 for \$9.00

ROSA rugosa, Max Graf

The trailing branches of this rose root as they creep, making it useful as a cover for bankings. The flowers are large, single, pink with a yellow center.

2 yr., No. 1 \$2.00 each

10 for \$18.00

Ground cover size 1.25 each

10 for 11.00

ROSA wichuraiana

Memorial Rose

The leaves of this fast-growing, trailing rose last until late in the season — longer than most roses. It has clusters of single, white flowers, in July, and shining foliage. Rooting as it spreads, it is an effective cover for banks in sun or partial shade.

12 to 18 in. 10 for \$9.00

100 for \$80.00

SEDUM

Stonecrop or Live-for-ever

Here's a low, colorful perennial that spreads rapidly (even in poor soil) making a colorful carpet. We grow the following varieties:

Sedum acre

Gold Moss Sedum

Green foliage with bright yellow flowers in late spring and early summer.

Sedum spurium var.

Dragon's Blood Sedum

Bronzy-red stems and crimson flowers in July, August and September.

Sedum sexangulare

Hexagon Sedum

Yellow flowers.

Sedum glaucum

Spanish Sedum

Blue-green foliage and pinkish-white flowers in early summer.

The above Sedums 3 of one variety for \$1.80 10 for \$5.00

TEUCRIUM chamaedrys

Germander

Often used as an edging, this small-leaved, evergreen shrub will serve also as a dense ground cover. It grows nearly a foot tall and has spikes of purplish flowers in the summer.

3 for \$1.80

10 for \$5.00

100 for \$45.00

GROUND COVERS (Cont'd)

THYMUS serpyllum lanuginosus **Woolly Thyme**

Purple flowers from June through August and gray, woolly foliage make this evergreen plant most charming when used between stepping stones, among rocks, or to cover small areas. For a dense, gray fragrant mat there is nothing finer.

3 for \$1.80 10 for \$5.00 100 for \$45.00

THYMUS serpyllum citriodorus **Lemon Thyme**

This creeping evergreen with lemon-scented leaves and purple flowers may be used among rocks or to cover bare spots where grass is not appropriate. Like the other thymes, it will grow in poor soil in either sun or shade.

3 for \$1.80 10 for \$5.00

THYMUS vulgaris, Border Gem **Border Gem Thyme**

This round, compact thyme grows taller (about eight inches) than the preceding varieties and is useful as edgings and on bankings. The dense, evergreen foliage of this shrub is aromatic. Spikes of pale-purple flowers appear in June and July.

3 for \$1.80 10 for \$5.00

VACCINIUM angustifolium laevifolium

Lowbush Blueberry

Although a common, native shrub, this plant has many characteristics that make it a useful ground cover. About eight inches tall, it will grow in poor, dry soil in sun or shade. It has clusters of waxy, white flowers followed by the familiar, tasty, blue-black berries in late summer. In the autumn the scarlet leaves make a brilliant display.

6 to 12 in. 10 for \$3.00 100 for \$25.00

VINCA **Myrtle**

Myrtle is perhaps the best known and most popular of the evergreen ground covers. The blue flowers, appearing in late April, are most charming against the dark green, shining foliage. It may be used in either sun or shade. The runners root as they creep, thus preventing the erosion of the soil on bankings. We grow the following varieties.

Vinca minor **Myrtle or Periwinkle**

The common variety with blue flowers.

10 for \$2.70 100 for \$21.00

Vinca minor alba

A variety with white flowers.

10 for \$3.60 100 for \$30.00

Vinca minor, Bowles variety

With larger, deeper blue flowers.

10 for \$4.50 100 for \$36.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

GROUND COVERS (Cont'd)

XANTHORHIZA simplicissima

Yellowroot

Spreading by underground stems this shrub makes a dense, attractive cover about two feet tall. This is really a foliage plant and the interesting compound leaves, with fine leaflets, turn orange in the fall. It grows well in moist places.

Field grown	\$1.50 each	\$13.50 per 100
-------------------	-------------	-----------------

EVERGREENS

All evergreens are ordinarily dug with a ball of earth and burlapped (B&B) without extra charge.

Each

ABIES concolor	White Fir
Bluish-green foliage with smooth gray bark.	
4 to 5 ft.	15.00

CHAMAECYPARIS obtusa gracilis	Slender Hinoki Cypress
A compact, slow-growing pyramidal evergreen with glossy, dark green foliage.	
15 to 18 in.	5.00

pisifera	Sawara Falsecypress
Broad pyramid; flat green foliage.	
3 to 4 ft.	6.00
4 to 5 ft.	7.50
5 to 6 ft.	10.00

pisifera filifera	Thread Falsecypress
Dark foliage; thread-like branchlets.	
2 to 2½ ft.	6.00
2½ to 3 ft.	7.50
3 to 4 ft.	10.00

plumosa	Plume Falsecypress
Frond-like, feathery foliage.	
18 to 24 in.	3.50
2 to 3 ft.	5.00
3 to 4 ft.	7.00
4 to 5 ft.	8.50
5 to 6 ft.	10.00

plumosa aurea	Goldplume Falsecypress
Rich, golden yellow form of the preceding variety.	
15 to 18 in.	3.50
18 to 24 in.	4.50
2 to 3 ft.	6.00
3 to 4 ft.	8.00

CRYPTOMERIA japonica	Cryptomeria
Tall, pyramidal, interesting evergreen with spreading branches. Not recommended north of Boston.	
18 to 24 in.	7.00

JUNIPERUS chinensis femina	Reeves Juniper
A spreading plant of interesting texture and rich color.	
2 to 2½ ft.	9.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREENS (Cont'd)

Each

chinensis hetzi

Hetz Blue Juniper

A spreading form similar to Pfitzer Juniper but somewhat more upright with feathery, bluish-green foliage. Sustained even less injury from salt spray during hurricanes of 1954 than Pfitzer Juniper.

15 to 18 in.	4.75
18 to 24 in.	6.50
2 to 2½ ft.	8.00
2½ to 3 ft.	10.00
3 to 4 ft.	15.00
4 to 5 ft.	20.00

chinensis pfitzeriana

Pfitzer Juniper

Low, spreading, fan-shaped, gray-green. Will succeed in almost any sunny spot and will withstand violent sea breezes amazingly well.

18 to 24 in.	6.50
2 to 2½ ft.	8.75
2½ to 3 ft.	12.00
5 to 6 ft.	30.00
6 to 7 ft.	35.00

chinensis pfitzeriana compacta Nelsoni

Nelson Juniper

A compact, dense form of Pfitzer.

2 to 2½ ft.	12.00
2½ to 3 ft.	15.00

chinensis sargentii

Sargent Juniper

Low-growing, steel-blue ground cover for bankings or among rocks.

18 to 24 in.	9.00
2 to 2½ ft.	12.00
2½ to 3 ft.	15.00

excelsa stricta

Greek Juniper

Compact, bluish-green; upright; slow-growing.

18 to 24 in.	4.50
-------------------	------

horizontalis plumosa

Andorra Creeping Juniper

Rich green, prostrate cover for bankings or for foreground plantings. Foliage warm purple in winter.

15 to 18 in.	4.75
18 to 24 in.	6.00
2 to 2½ ft.	8.00
3 to 3½ ft.	15.00
4 to 5 ft.	20.00

virginiana

Eastern Red Cedar

Our native Cedar. Columnar tree ideal for accents and screens. We can supply collected specimens from 8 to 20 ft. in height. Ask for prices on larger specimens.

2 to 3 ft.	4.50
3 to 4 ft.	6.00
4 to 5 ft.	7.00

EVERGREENS (Cont'd)

Each

virginiana cannarti	Canaert Juniper
Rich, dark green, tufted foliage. Columnar habit.	
3 to 4 ft.	9.75
4½ to 5 ft.	14.50

virginiana globosa	Globe Red Cedar
Compact, spreading form; dark green foliage.	
15 to 18 in.	6.00

PICEA abies (excelsa)	Norway Spruce
Dark green, rapid-growing, large tree.	
4 to 5 ft.	9.00
5 to 6 ft.	12.00
6 to 7 ft.	15.00

glauca	White Spruce
Rapid-growing, bluish-green, pyramidal, compact tree. Succeeds near seashore.	
6 to 8 ft.	18.00
8 to 10 ft.	24.00

glauca densata	Black Hills Spruce
Slower growing than White Spruce with denser habit.	
2 to 2½ ft.	5.75

orientalis	Oriental Spruce
Slow-growing, broad, chunky tree; glossy dark foliage.	
4 to 5 ft.	15.00
5 to 6 ft.	20.00
6 to 7 ft.	30.00

pungens	Colorado Spruce
Symmetrical, dense tree with horizontal branches. Rigid needles. Dull velvety green.	
3 to 4 ft.	10.00
4 to 5 ft.	15.00
5 to 6 ft.	20.00

pungens glauca	Blue Colorado Spruce
Shapely tree for specimen use. Foliage from pale to silvery blue. Both varieties of Colorado Spruce good for exposed locations.	
4 to 5 ft.	18.00
5 to 6 ft.	24.00
6 to 8 ft.	30.00

PINUS densiflora	Japanese Red Pine
Rapid-growing tree, forming a wide-spread, strongly branched head. Bears clusters beautiful cones.	
6 to 7 ft.	25.00
7 to 8 ft.	30.00
8 to 9 ft.	35.00
9 to 10 ft.	40.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREENS (Cont'd)

	Each
mugho mughus	Mugho Pine
Broad, spreading, slow-growing — to about 4 feet tall.	
15 to 18 in.	6.50
18 to 24 in.	7.50
nigra	Austrian Pine
Long, dark green needles on boldly spreading branches.	
Good for seashore. We have some larger trees — prices available on request.	
2 to 3 ft.	6.00
resinosa	Red Pine
Long, dark green needles; wide-spreading.	
3 to 4 ft.	6.50
4 to 5 ft.	9.50
strobis	White Pine
Rapid-growing, rich dark green needles with silvery gray bloom. A plant for groups, screens, and large hedges.	
2 to 3 ft.	4.50
3 to 4 ft.	5.75
4 to 5 ft.	8.75
5 to 6 ft.	12.00
sylvestris	Scotch Pine
Bluish-green needles. Picturesque open habit.	
2 to 3 ft.	6.50
3 to 4 ft.	8.75
thunbergi	Japanese Black Pine
The best for planting near salt water and in bleak locations.	
Graceful, wide-spreading — with broad, irregular head which makes it picturesque. Green foliage is most attractive.	
15 to 18 in.	3.00
18 to 24 in.	4.00
2 to 3 ft.	7.50
3 to 4 ft.	10.00
4 to 5 ft.	15.00
6 to 7 ft.	30.00
We can also supply 2 yr. seedlings 6 to 9 inches tall, 10 for \$3.00, 25 for \$6.50, 100 for \$25.00.	
5 yr. twice transplanted, 10 to 15 in., 10 for \$15.00, 25 for \$33.75, 100 for \$120.00.	
PSEUDOTSUGA douglasii	Douglas Fir
Rapid-growing, pyramidal; dense graceful habit. Dark green to gray-blue.	
4 to 5 ft.	12.00
5 to 6 ft.	15.00
TAXUS baccata repandens	Spreading English Yew
True type. Forms a nearly prostrate, low, spreading mound.	
Dark green needles.	
18 to 24 in.	10.00
2 to 2½ ft.	14.75
2½ to 3 ft.	19.50

EVERGREENS (Cont'd)

	Each
cuspidata	Japanese Yew
Low, spreading — for foundations and foreground.	
15 to 18 in.	6.00
18 to 24 in.	8.00
2 to 2½ ft.	10.00
2½ to 3 ft.	14.00
cuspidata capitata	Upright Yew
Upright, conical — for foundation plantings where height is needed.	
18 to 24 in.	7.50
2 to 2½ ft.	9.50
cuspidata nana	Dwarf Japanese Yew
Low, slow-growing, dark green.	
12 to 15 in.	5.00
15 to 18 in.	7.50
media browni	Brown Yew
Broad, upright, dark green.	
12 to 15 in.	4.00
15 to 18 in.	7.00
18 to 24 in.	9.00
2 to 2½ ft.	12.00
media erecta	Erect Hybrid Yew
A full-bodied upright Yew, dark, rich green.	
2 to 2½ ft.	9.75
2½ to 3 ft.	14.50
3½ to 4 ft.	25.00
4 to 4½ ft.	35.00
media hatfieldi	Hatfield Yew
Compact upright growth; foliage very dark green. Splendid for individual use or for hedges.	
15 to 18 in.	6.00
18 to 24 in.	8.00
2 to 2½ ft.	11.00
media hatfieldi — spreading form	
Compact, spreading form of above.	
2 to 2½ ft.	12.00
media hicksi	Hicks Yew
Columnar form — but not as broad as Hatfield Yew.	
15 to 18 in.	5.00
18 to 24 in.	7.25
2 to 2½ ft.	9.75
3½ to 4 ft.	24.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREENS (Cont'd)

Each

THUYA occidentalis **American Arborvitae**
Dense, columnar tree; frond-like branches. Used for hedges and screens. All Thuyas can be readily clipped.

2 to 3 ft.	3.50
3 to 4 ft.	5.75
4 to 5 ft.	7.50
5 to 6 ft.	9.00
6 to 7 ft.	11.00
7 to 8 ft.	15.00

columnaris **Columnar Arborvitae**
Darker and denser foliage. A desirable, tall-growing, narrow evergreen.

3 to 4 ft.	6.00
4 to 5 ft.	8.00
5 to 6 ft.	10.00

nigra **Dark American Arborvitae**
A deep green form with better winter color.

18 to 24 in.	3.00
2 to 3 ft.	4.50
4 to 5 ft.	8.00
5 to 6 ft.	10.00

pyramidalis **Pyramidal Arborvitae**
Dense, compact, narrow form.

2 to 3 ft.	4.50
3 to 4 ft.	6.00
4 to 5 ft.	9.00
5 to 6 ft.	12.00

wareana **Ware Arborvitae**
Compact, broad, slower growing — with deep green color.

18 to 24 in.	3.85
2 to 2½ ft.	5.00
2½ to 3 ft.	6.50

woodwardi **Woodward Arborvitae**
The best of the globes.

15 to 18 in.	3.50
18 to 24 in.	4.75

orientalis aurea nana **Golden Biota**
Rounded-conical shape; flat, golden foliage.

15 to 18 in.	3.50
-------------------	------

TSUGA canadensis **Canada Hemlock**
Graceful, airy, native evergreen; foliage rich, dark green. Makes a fine specimen, or may be used for hedges. When pruned, can be used in foundation plantings. Do not use near salt water where winds ruin foliage.

2 to 3 ft.	7.50
3 to 4 ft.	10.00
4 to 5 ft.	14.00
5 to 6 ft.	20.00

EVERGREENS (Cont'd)

	Each
caroliniana	Carolina Hemlock
Darker, deeper, foliage than the Canada Hemlock with sweeping pendulous branches.	
2 to 3 ft.	7.50
6 to 7 ft.	24.00
7 to 8 ft.	30.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREEN SHRUBS

Each

ARCTOSTAPHYLOS uva-ursi

Bearberry

Prostrate, evergreen, creeping shrub. Makes dense mats of glossy dark green, turning reddish-bronze throughout fall and winter. The finest ground cover for sandy soils.

2½ in. pot grown

10 or more65
100 or more60
8 inch by 8 inch collected sods	
100 or more	1.25
500 or more90

BERBERIS julianae

Wintergreen Barberry

Slow-growing, upright evergreen shrub with spiny, glossy leaves tinged with bronze.

15 to 18 in. B&B	4.75
18 to 24 in. B&B	6.00

BUXUS microphylla koreana

Korean Littleleaf Box

Hardest of Box. Slow-growing. Dwarf.

6 to 8 in.	1.75
8 to 10 in.	2.25

sempervirens suffruticosa

True Dwarf Box

Compact, dense, extremely slow-growing. Used for dwarf edging.

6 to 8 in.	1.50
-----------------	------

DAPHNE cneorum

Rose Daphne

Low, evergreen shrub making a dense mat; pink, fragrant flowers in May and June.

9 to 12 in. B&B	3.00
-----------------------	------

EUONYMUS fortunei (radicans)

Wintercreeper

Small, dark, dull green leaves. For ground or wall cover.

2 years	1.00
---------------	------

f. acutus

(See ground covers)

f. carrieri

Glossy Wintercreeper

Larger, glossier leaves. Fast-growing vine or, if unsupported, a bushy shrub.

2 years	1.00
4 years	2.00

f. coloratus

Purpleleaf Wintercreeper

Excellent ground cover with leaves an inch long turning purplish-red in the winter.

2 years	1.00
---------------	------

f. kewensis

Baby Wintercreeper

Tiny, oval, evergreen leaves. A good, slow growing vine.

3 inch pot	1.50
------------------	------

EVERGREEN SHRUBS (Cont'd)

Each

f. vegetus	Bigleaf Wintercreeper
Large, dull green leaves. Orange-scarlet fruit. Vine or bush.	
3 year	1.25
2 to 3 ft. B&B	6.00

ILEX crenata convexa	Boxleaf Japanese Holly
Twice as broad as high. Small, lustrous, dark green leaves.	
9 to 12 in. B&B	3.00
12 to 15 in. B&B	4.00
15 to 18 in. B&B	6.00
18 to 24 in. B&B	9.50

crenata microphylla	Littleleaf Japanese Holly
Hardy, small-leaved variety. Broad, upright.	
3 to 3½ ft. B&B	18.00

crenata rotundifolia	
Lustrous, green, rounded leaves; dense, compact, globose.	
15 to 18 in. B&B	7.50
18 to 24 in. B&B	9.00

glabra	Inkberry
Dense, round compact. Glossy, deep green leaves. Resistant to salt spray.	
18 to 24 in. B&B	7.50
2 to 2½ ft. B&B	9.00
2½ to 3 ft. B&B	12.00

KALMIA latifolia	Mountain Laurel
Clusters of pink and white flowers in June. A lovely native. For foundation or naturalistic plantings.	
15 to 18 in. B&B	4.00
18 to 24 in. B&B	5.00
2 to 2½ ft. B&B	6.00
2½ to 3 ft. B&B	8.00
3 to 3½ ft. B&B	10.00

LEUCOTHOE catesbaei	Drooping Leucothoe
Large leaves become a rich bronze in autumn and winter; graceful, drooping branches.	
2 to 3 ft. B&B	8.50

MAHONIA aquifolium	Oregon Hollygrape
Good for under planting in shady places. Yellow flowers in June. Leaves mahogany in winter.	
15 to 18 in.	5.00

PACHISTIMA canbyi	Canby Pachistima
Small, evergreen shrub to 12 inches. A ground cover of rich texture.	
6 to 9 in.	1.50

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREEN SHRUBS (Cont'd)

Each

PACHYSANDRA terminalis

Japanese Spurge

Whorls of dark green leaves on upright 6 inch stems; makes dense evergreen ground cover in shade. White flowers in June.

2½ in. pots	per 10	2.70
2½ in. pots	per 100	21.00

PIERIS japonica

Japanese Andromeda

Upright growing evergreen shrub with glossy leaves and drooping panicles of white flowers in April and May. Bronzy new growth contrasts with older foliage.

15 to 18 in. B&B	5.50
18 to 24 in. B&B	7.50
2 to 2½ ft. B&B	9.00
2½ to 3 ft. B&B	12.00

PYRACANTHA coccinea lalandi

Laland Firethorn

Large clusters of showy, orange berries in fall which persist all winter; not hardy north of Boston.

Pot grown	4.75
-----------------	------

RHODODENDRON carolinianum **Carolina Rhododendron**

Pink flowers in May. More compact, lower-growing — and with smaller leaves than the following varieties.

15 to 18 in.	6.50
18 to 24 in.	8.00
2 to 2½ ft.	11.00

catawbiense

Catawba Rhododendron

Covered with rosy-lilac flowers in early June.

15 to 18 in.	6.00
18 to 24 in.	7.50
2 to 2½ ft.	10.00

Hybrid Rhododendrons

Caractacus — dark crimson-red	18 in.	11.00
Dr. Dresselhuys — red	18 in.	11.00
Mrs. C. S. Sargent — bright pink	18 in.	11.00

maximum

Rosebay Rhododendron

Tall, with large leaves. Blush pink flowers — late June and July.

18 to 24 in.	5.50
2 to 2½ ft.	7.50
2½ to 3 ft.	9.75

SHADE AND FLOWERING TREES

Each

ACER saccharinum (dasycarpum) Silver Maple

Rapid-growing, gracefully slender tree.

8 to 10 ft.	6.00
10 to 12 ft.	9.00
12 to 14 ft.	12.00

ginnala Amur Maple

Graceful shrub-like tree to 20 ft.; brilliant red in autumn; good for screen planting.

8 to 10 ft.	12.00
10 to 12 ft.	15.00
12 to 14 ft.	20.00

platanoides Norway Maple

Most popular street tree. Broad; round head casts dense shade.

6 to 8 ft.	7.50
8 to 10 ft.	10.00
10 to 12 ft.	14.00

plat. schwedleri Schwedler Maple

A form of the Norway Maple with purple-red leaves in the spring, later turning dark green.

5 to 6 ft.	6.00
6 to 8 ft.	9.00
8 to 10 ft.	12.00

Note: We have both Norway and Schwedler Maples from 3 to 6 inch caliper.

plat. schwedleri nigra Plant Pat. 735 Crimson King Maple

The dark red foliage color is retained throughout the summer and the tips of the branches glisten like red flowers.

6 to 7 ft.	12.00
7 to 8 ft.	14.00

pseudoplatanus Sycamore Maple

Large, wide, spreading tree with dense, deep green foliage.

6 to 8 ft.	7.50
8 to 10 ft.	10.00

rubrum Red Maple

The leaves of this tree are green until fall, when they become the most brilliant in the landscape — shades of red, crimson and scarlet.

6 to 8 ft.	6.00
8 to 10 ft.	7.50
10 to 12 ft.	10.00
12 to 14 ft.	14.00

saccharum Sugar Maple

An excellent shade and street tree, higher-headed than the Norway. Foliage turns bright yellow and scarlet in autumn.

6 to 8 ft.	7.50
8 to 10 ft.	10.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

AILANTHUS glandulosa	Tree-of-Heaven
Rapid-growing tree under all conditions; foliage luxuriant.	
8 to 10 ft.	7.50
BETULA papyrifera	Canoe Birch
Slender, graceful tree with creamy-white bark. Dark green leaves.	
6 to 8 ft. B&B	9.00
8 to 10 ft. B&B	12.00
populifolia	Gray Birch
Slender tree with smooth, grayish-white bark and glossy leaves.	
6 to 8 ft. B&B	5.00
8 to 10 ft. B&B	7.50
10 to 12 ft. B&B	10.00
6 to 8 ft. clumps \$10.00, 8 to 10 ft. clumps \$15.00 each B&B	
CATALPA speciosa	Western Catalpa
Rapid-growing tree with large leaves and handsome white flowers in large clusters in June.	
6 to 8 ft.	5.00
8 to 10 ft.	6.00
10 to 12 ft.	8.50
CERCIDIPHYLLUM japonicum	Katsura Tree
Unusual tree of columnar form with glossy, bright-green, heart-shaped leaves. Orange and scarlet foliage in the fall.	
5 to 6 ft. B&B	9.00
8 to 10 ft. B&B	20.00
CERCIS canadensis	Redbud or Judas Tree
Rosy-purple flowers, April-May, before the heart-shaped leaves.	
5 to 6 ft.	6.00
CHIONANTHUS virginicus	White Fringe
Shrubby tree to 25 ft.; long panicles of lacy, white flowers in June; glossy, dark foliage. Grape-like clusters of blue fruit.	
3 to 4 ft.	3.50
4 to 5 ft.	6.00
6 to 7 ft.	12.00
7 to 8 ft.	15.00
CORNUS florida	Flowering Dogwood
Outstanding for the large snowy-white flowers produced in May before the leaves. Glittering berries cluster in a nest of colorful autumn foliage of pink, crimson and maroon. Informal in habit and pattern of branches. For specimens or border.	
3 to 4 ft. B&B	6.00
4 to 5 ft. B&B	8.00
5 to 6 ft. B&B	11.00
6 to 7 ft. B&B	14.00
7 to 8 ft. B&B	18.00

SHADE AND FLOWERING TREES (Cont'd)

Each

florida rubra

Red Flowering Dogwood

Perhaps the most breath-taking of all flowering trees. The deep rose flowers create an effect almost beyond description, when planted alone; with the white flowering variety; or with evergreens.

3 to 4 ft. B&B	9.75
4 to 5 ft. B&B	13.50

kousa

Kousa Dogwood

Similar in habit to the common dogwood, but blooming three weeks later. White flowers — lustrous leaves turning scarlet in autumn. Showy, raspberry-like, red fruit. One of the most valuable and handsomest flowering trees.

4 to 5 ft. B&B	10.00
5 to 6 ft. B&B	12.00
7 to 8 ft. B&B	24.00

CRATAEGUS crugalli

Cockspur Thorn

Long, sharp thorns and lustrous foliage, which turns orange and scarlet in the fall.

2 to 3 ft.	3.50
4 to 5 ft. B&B	9.00
5 to 6 ft. B&B	12.00

oxycantha pauli

Paul's Double Scarlet Hawthorn

Double, deep crimson flowers.

5 to 6 ft.	7.50
6 to 7 ft.	10.00

phaenopyrum (cordata)

Washington Hawthorn

White flowers in dense clusters; bright red fruits which persist into the winter. Autumn colors are varied and rich.

3 to 4 ft. B&B	5.00
4 to 5 ft. B&B	6.50
5 to 6 ft. B&B	8.00

FAGUS sylvatica

European Beech

Slow-growing, symmetrical tree — branching to the ground. Excellent for screens, clipped hedges and specimens.

3 to 4 ft. B&B	9.00
4 to 5 ft. B&B	12.00
5 to 6 ft. B&B	15.00
6 to 7 ft. B&B	20.00

FRAXINUS americana

White Ash

Open-branching, rapid-growing tree; deep purples or yellow in autumn.

5 to 6 ft.	5.00
6 to 8 ft.	6.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

GINKGO biloba

Maidenhair Tree

Open, pyramidal tree; feathery, fan-like, small leaves; golden in autumn.

6 to 8 ft.	9.00
8 to 10 ft.	12.00
10 to 12 ft.	15.00

GLEDITSIA triacanthos

Honeylocust

Fast-growing tree with stout spines 3 to 4 inches long; lacy foliage is deep green; small, whitish, fragrant, pea-like flowers.

5 to 6 ft.	5.00
6 to 8 ft.	7.50
8 to 10 ft.	10.00

Note: We can furnish trees, somewhat larger, with well developed heads. Write for prices.

triacanthos inermis

Thornless Honeylocust

An excellent tree already being used to replace the American Elm. Thornless, rapid-growing, and vigorous.

5 to 6 ft.	6.00
6 to 8 ft.	7.50
8 to 10 ft.	9.75
10 to 12 ft.	15.00

triacanthos Moraine Plant Pat. 836

Moraine Locust

Free from thorns and seed pods.

6 to 8 ft.	9.50
-----------------	------

triacanthos Sunburst Plant Pat. 1313

Sunburst Locust

Bright golden foliage (on 8 to 10 inches of branch tips) contrasts with the rich green inner leaves. Appears to be in bloom all summer.

6 to 7 ft.	10.00
-----------------	-------

HALESIA tetraptera

Great Silverbell

Tall shrub or small tree, pearly-white bell-like flowers in May.

4 to 5 ft.	6.50
5 to 6 ft.	9.00
6 to 8 ft.	12.00

LABURNUM watereri (vossi)

Golden Chain

Long clusters of yellow, wisteria-like blossoms in late May.

5 to 6 ft.	10.00
6 to 8 ft.	12.00
8 to 10 ft.	15.00

LARIX leptolepis

Japanese Larch

Rapid-growing tree with graceful, drooping branches and bright green foliage.

4 to 5 ft. B&B	9.00
----------------------	------

SHADE AND FLOWERING TREES (Cont'd)

Each

LIRIODENDRON tulipifera	Tulip Tree
Greenish-yellow, bell-shaped flowers; glossy leaves. Rapid-growing.	
6 to 8 ft.	9.00
8 to 10 ft.	12.00
10 to 12 ft.	15.00
12 to 14 ft.	18.00

MAGNOLIA soulangeana	Saucer Magnolia
Picturesque shrub or small tree blanketed in mid-April by giant flowers—purple outside, white inside. Glossy, dark green leaves follow.	
3 to 4 ft. B&B	10.00
4 to 5 ft. B&B	14.00
5 to 6 ft. B&B	20.00
6 to 7 ft. B&B	25.00

stellata	Star Magnolia
Fragrant, white star-shaped blossoms; more dwarf than Saucer Magnolia.	
2 to 3 ft. B&B	9.00

virginiana (glauc)	Sweetbay Magnolia
Fragrant, white flowers 3 inches across in May; fruits red.	
2 to 3 ft. B&B	5.00

MALUS	Flowering Crab
atrosanguinea	Carmine Crab
Bright crimson blooms; upright with broad head.	
4 to 5 ft.	5.00

baccata	Siberian Crab
Pink in bud, opening pure white; fruit yellow and red; upright growth.	
4 to 5 ft. B&B	6.00
5 to 6 ft. B&B	9.00
6 to 8 ft. B&B	12.00

floribunda	Japanese Flowering Crab
Profuse, bright pink buds opening to white flowers. Pinkish-red fruits. Spreading habit.	
4 to 5 ft. B&B	6.00
5 to 6 ft. B&B bushy	10.00
6 to 8 ft. B&B bushy	15.00
8 to 10 ft. B&B bushy	20.00

hopa	Hopa Crab
Sturdy, upright tree with dark pink flowers; slightly purple leaves.	
5 to 6 ft. B&B	10.00
6 to 8 ft. B&B	15.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

ioensis plena **Bechtel Crab**

Double, fragrant, delicately pink flowers; upright vase-shaped; late blooming.

5 to 6 ft. B&B 8.00

Pink Weeper **Pink Weeper Crab**

Pendulous branches create a fountain-like effect; flowers crimson.

6 to 7 ft. B&B heavy 20.00

7 to 8 ft. B&B heavy 25.00

niedzwetzkyana **Redvein Crab**

Deep pink flowers and dark purple leaves on sturdy upright tree.

6 to 8 ft. B&B heavy 15.00

8 to 10 ft. B&B heavy 20.00

purpurea **Purple Crab**

Flowers and fruit deep red; foliage rich reddish-purple.

5 to 6 ft. B&B 9.00

6 to 8 ft. B&B 12.00

purpurea eleyi **Eley Crab**

Extremely large, dark red flowers; purple leaves; apricot-colored fruit.

5 to 6 ft. B&B 9.00

6 to 8 ft. B&B 12.00

Red Silver **Red Silver Crab**

Clusters of red blossoms; red foliage with overtones of silver; small red fruit.

6 to 8 ft. B&B 15.00

8 to 10 ft. B&B 20.00

Rosybloom **Almey Crab**

Radiant live-red flowers.

5 to 6 ft. B&B 6.00

sargenti **Sargent Crab**

Dwarf, broad spreading tree covered in spring with billows of snowy-white flowers and in the fall with red fruit.

3 to 4 ft. 5.00

4 to 5 ft. 7.00

Specimens from \$35.00 to \$50.00 each.

scheideckeri **Scheidecker Crab**

Bright pink double flowers; yellow fruits.

5 to 6 ft. 6.00

theifera **Tea Crab**

Rose-red buds opening pink to white; sturdy, spreading tree.

4 to 5 ft. B&B 6.00

5 to 6 ft. B&B 9.00

6 to 8 ft. B&B 12.00

MORUS alba tatarica **Russian Mulberry**

Fruit attracts more birds than any other tree.

6 to 8 ft. 5.00

8 to 10 ft. 7.50

SHADE AND FLOWERING TREES (Cont'd)

Each

NYSSA sylvatica **Tupelo**
 Handsome foliage assumes brilliant colors in fall; will grow
 in wet places.

4 to 5 ft. B&B 8.50
 5 to 6 ft. B&B 10.00

OXYDENDRON arboreum **Sourwood**
 Showy white flowers in panicles in August; brilliant red
 autumn coloring appearing in late summer.

2 to 3 ft. B&B 3.50
 3 to 4 ft. B&B 4.50
 4 to 5 ft. B&B 6.00
 5 to 6 ft. B&B 7.50

PLATANUS occidentalis **Buttonwood**
 Rugged, strong-growing tree; smooth almost white mottled
 bark makes it very picturesque.

8 to 10 ft. 10.00

PRUNUS pissardi **Thundercloud** **Purpleleaf Plum**
 Darkest foliage of the purple-leaf Plums, preceded by glow-
 ing pink flowers in early spring.

5 to 6 ft. 7.50

sargentii **Sargent Cherry**
 Handsome, early-flowering tree; light clear pink.

5 to 6 ft. B&B 10.00
 6 to 8 ft. B&B 15.00

QUERCUS borealis (rubra) **Red Oak**
 Round-topped tree with spreading branches; foliage dark
 red in fall.

6 to 8 ft. 8.50
 8 to 10 ft. 12.00
 10 to 12 ft. 18.00

coccinea **Scarlet Oak**
 Round-topped, open head; deeply cut leaves; gray bark;
 brilliant red autumn foliage.

6 to 8 ft. 8.50
 8 to 10 ft. 12.00

palustris **Pin Oak**
 Handsome, durable and quick-growing; long pendulous
 branches; glossy bright green foliage.

8 to 10 ft. 12.00
 10 to 12 ft. 18.00

We have Pin Oaks in larger specimens. These are priced ac-
 cording to caliper and individual tree.

**When ordering 5 or more of one variety and size of any
 item in this price list deduct 10% from the each rate if no
 quantity rate is given.**

SHADE AND FLOWERING TREES (Cont'd)

Each

SALIX caprea var.

French Pussy Willow

Cultivated French variety with longer, more lustrous, silvery-pink catkins.

2 to 3 ft.	1.50
3 to 4 ft.	2.00

niobe

Golden Weeping Willow

Large, spreading tree with graceful, weeping, yellow branches.

4 to 5 ft.	3.00
5 to 6 ft.	4.00
8 to 10 ft.	6.50
10 to 12 ft.	9.00
12 to 14 ft. heavy	15.00

pentandra

Laurel Willow

Upright. Shiny, dark green leaves. Good near salt water.

5 to 6 ft.	3.00
-----------------	------

SORBUS aucuparia

European Mountain Ash

Small round-headed tree; flowers white in clusters; the orange fruits are striking.

6 to 8 ft.	6.00
8 to 10 ft.	9.00

SYRINGA japonica

Japanese Tree Lilac

Large shrub or small tree, reddish brown bark, large panicles creamy-white flowers June-July.

4 to 5 ft.	4.50
-----------------	------

TILIA vulgaris

European Linden

Round dense tree; small heart-shaped leaves; fragrant flowers in June.

5 to 6 ft.	6.00
6 to 8 ft.	8.00
8 to 10 ft.	12.00

ULMUS americana

American Elm

Familiar lofty, spreading tree with long pendulant branchlets.

6 to 8 ft.	4.50
8 to 10 ft.	5.75
10 to 12 ft.	7.50
12 to 14 ft.	12.00

pumila

Siberian or Chinese Elm

Medium-sized, round-headed, rapid-growing tree; good foliage.

5 to 6 ft.	5.00
6 to 8 ft.	6.00
8 to 10 ft.	8.00

FLOWERING SHRUBS

Except those varieties specifically marked B&B, shrubs and shade trees are regularly dug bare-rooted at the prices listed. If desired, we will dig other sorts with ball of earth and burlap them (B&B), making the following charges for each plant.

CHARGES FOR BALLING AND BURLAPPING

	Each		Each
15 to 18 in.30	5 to 6 ft.	1.25
18 to 24 in.40	6 to 8 ft.	2.25
2 to 3 ft.50	8 to 10 ft.	3.50
3 to 4 ft.60	10 to 12 ft.	5.50
4 to 5 ft.	1.00	12 to 14 ft.	10.00

ABELIA grandiflora **Glossy Abelia**
 Arching semi-evergreen shrub; glossy foliage; pink-white
 flowers July-October.
 18 to 24 in B&B 4.00

ACANTHOPANAX sieboldianus **Five-leaf Aralia**
 Bushy shrub with slender arching branches; bright green,
 shining leaves. Thrives in shade, also in hot, sunny, city
 conditions.
 2 to 3 ft. 1.50
 3 to 4 ft. 2.00

AMELANCHIER canadensis **Downy Shadblow**
 Early, white flowers; edible, small, red, fruit.
 18 to 24 in. 2.00
 3 to 4 ft. 3.50
 4 to 5 ft. 4.50

ARONIA arbutifolia **Red Chokeberry**
 White flowers in May; red fruits in fall; red autumn foliage.
 Thrives at seashore.
 2 to 3 ft. 1.75

AZALEA calendulacea **Flame Azalea**
 Upright grower; flowers typically orange, early June.
 18 to 24 in. B&B 6.50
 2 to 2½ ft. B&B 8.00

kaempferi **Torch Azalea**
 Brilliant, salmon-red flowers in late May.
 15 to 18 in. B&B 6.00
 18 to 24 in. B&B 8.00

ledifolia alba **Snow Azalea**
 Dwarf, spreading, compact plant with glistening white
 flowers in late May.
 15 to 18 in. B&B 6.00

**When ordering 5 or more of one variety and size of any
 item in this price list deduct 10% from the each rate if no
 quantity rate is given.**

FLOWERING SHRUBS (Cont'd)

			Each
mollis		Chinese Azalea	
Large orange-red or yellow flowers in early June.			
15 to 18 in. B&B			5.00
18 to 24 in. B&B			7.50
mucronulatum		Mongolian Azalea	
Rose-lavender flowers blend beautifully with Forsythia; first to flower, about April 10; perfectly hardy.			
18 to 24 in. B&B			7.50
2 to 2½ ft. B&B			10.00
2½ to 3 ft. B&B			15.00
poukhanensis		Korean Azalea	
Compact, low growing; orchid-colored flowers mid to late May; form and foliage most attractive.			
15 to 18 in. B&B			6.50
18 to 24 in. B&B			9.00
BERBERIS thunbergi		Japanese Barberry	
Red autumn foliage and long-lasting scarlet fruit. Widely used for medium-height hedges.			
		Each	Per
			10
15 to 18 in.60		5.00
18 to 24 in.75		6.50
2 to 2½ ft.	1.00		9.00
thunbergi atropurpurea		Redleaf Japanese Barberry	
Same as preceding variety but with red foliage throughout the season.			
18 to 24 in.	1.25		12.00

4 to 5 ft.	2.50

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

FLOWERING SHRUBS (Cont'd)

Each

COTINUS coggygia **Common Smoketree**

Spreading rather dense shrub; 8 inch panicles of purplish plumes (or "smoke") in mid-summer.

2 to 3 ft. B&B 2.50

3 to 4 ft. B&B 3.50

c. rubrifolius **Bronzeleaf Smoketree**

Handsome, bronze-tinted foliage and bronze plumes.

2 to 3 ft. B&B 5.00

COTONEASTER adpressa praecox **Early Cotoneaster**

Prostrate shrub with bright red fruit in late summer and autumn,

12 to 15 in. potted 2.50

15 to 18 in. potted 3.50

2 to 2½ ft. B&B 6.00

divaricata **Spreading Cotoneaster**

Graceful, spreading and arching branches; showy red fruit; medium height.

18 to 24 in. B&B 2.50

2 to 3 ft. B&B 3.50

3 to 4 ft. B&B 5.00

horizontalis **Rock Cotoneaster**

Prostrate branches, glossy leaves and bright red berries.

12 to 15 in. B&B 2.50

15 to 18 in. B&B 3.50

18 to 24 in. B&B 4.50

2 to 2½ ft. B&B 7.50

multiflora

Larger growing — up to 6 ft. — very hardy. Free flowering; red fruit.

3 to 4 ft. B&B 3.50

4 to 5 ft. B&B 4.50

CYTISUS praecox **Warminster Broom**

Covered with pale yellow flowers in May. Broad, dense — to six feet.

Potted plants 1.50

DEUTZIA gracilis **Slender Deutzia**

Racemes of white flowers in late May on a low, compact plant.

15 to 18 in. 1.50

lemoinei **Lemoine Deutzia**

Similar to preceding but slightly taller.

18 to 24 in. 1.50

2 to 2½ ft. 2.50

FLOWERING SHRUBS (Cont'd)

Each

ELAEAGNUS angustifolia

Russian Olive

Gray foliage and fragrant yellow flowers in early June.
Broad, upright and tall.

2 to 3 ft.	1.50
3 to 4 ft.	2.00
4 to 5 ft.	3.00
5 to 6 ft.	4.00

Also in tree form.

5 to 6 ft.	5.00
-----------------	------

umbellata

Autumn Elaeagnus

Leaves silvery underneath. Fragrant yellow flowers in May.
Tall and broad.

2 to 3 ft.	2.50
3 to 4 ft.	3.00
4 to 5 ft.	4.00

ENKIANTHUS campanulatus

Redvein Enkianthus

Tall, upright shrub with pendulous clusters of yellowish,
bell-shaped flowers in May.

2½ to 3 ft.	7.50
------------------	------

EUONYMUS alatus

Winged Euonymus

Famous for its scarlet autumn foliage. Broad bush with
horizontal branches.

18 to 24 in.	2.50
2 to 3 ft.	3.50
3 to 4 ft.	6.00

alatus compactus

Dwarf Winged Euonymus

Dwarf, compact variety of the preceding; brilliant autumn
foliage. Fine for hedges or individual use.

15 to 18 in.	2.25
18 to 24 in.	3.00
2 to 2½ ft.	4.50
3 to 4 ft. heavy	9.00
4 to 5 ft. heavy	12.00

europaeus

European Burningbush

Showy in fruit — clusters of pink capsules. Tall; keeps its
foliage late in the season making it an excellent background
shrub.

2 to 3 ft.	1.50
3 to 4 ft.	2.00
4 to 5 ft.	2.50

yedoensis

Yeddo Euonymus

Tall, flat-topped bush with large leaves and attractive pink-
ish-purple fruit.

2 to 3 ft.	2.00
3 to 4 ft.	2.50
4 to 5 ft.	3.00

**When ordering 5 or more of one variety and size of any
item in this price list deduct 10% from the each rate if no
quantity rate is given.**

FLOWERING SHRUBS (Cont'd)

EXOCHORDA racemosa

Pearl Bush

Racemes of white flowers in early May. Vigorous shrub with gracefully-arching branches.

2 to 3 ft. B&B	2.50
3 to 4 ft. B&B	3.00

FORSYTHIA Arnold Dwarf

Arnold Dwarf Forsythia

Originated in the Arnold Arboretum. Growth broader than tall, with drooping branches rooting readily wherever they come in contact with ground making a good ground cover especially on bankings. Young plants do not flower.

2 year	1.25
--------------	------

intermedia spectabilis

Showy Border Forsythia

Deep yellow flowers in April. Upright habit.

2 to 3 ft.	1.25
3 to 4 ft.	1.50

Lynwood Gold

Lynwood Gold Forsythia

This recent introduction from Ireland is destined to be one of the most popular varieties. Literally covered with large, bright yellow flowers.

3 to 4 ft.	3.00
4 to 5 ft.	4.00
5 to 6 ft.	5.00

primulina Spring Glory

Spring Glory Forsythia

An improved variety with a profusion of lemon-yellow flowers.

2 to 3 ft.	1.50
3 to 4 ft.	2.00
4 to 5 ft.	3.00

suspensa

Weeping Forsythia

Its weeping habit makes it valuable for bankings or to overhang walls.

2 to 3 ft.	1.25
3 to 4 ft.	1.50
4 to 5 ft.	1.75

FOTHERGILLA monticola

Alabama Fothergilla

Compact, roundish shrub; white flowers in dense spikes in May; foliage red and orange-yellow in fall.

15 to 18 in.	4.00
-------------------	------

HAMAMELIS vernalis

Vernal Witch Hazel

Fragrant, small, yellow flowers in very early spring.

2 to 3 ft.	2.50
3 to 4 ft.	3.50

FLOWERING SHRUBS (Cont'd)

Each
